Exercice 1

Placer trois points sur un axe gradué.

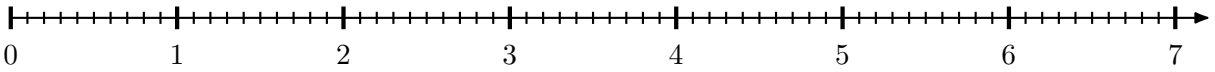

1. Placer les points : $A(3,2), B(7,5), C(8,2)$.

2. Placer les points : $D(7,2), E(8,9), F(11,2)$.

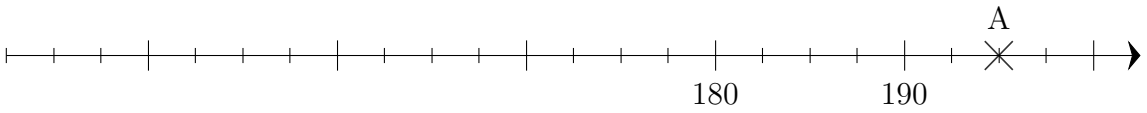

3. Placer les points : $G(2,4), H(4,9), I(5,2)$.

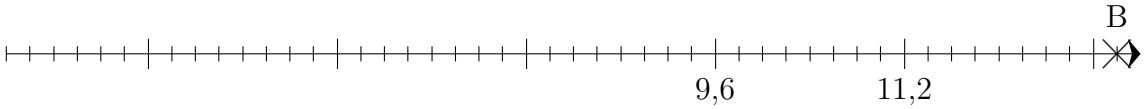

Exercice 2

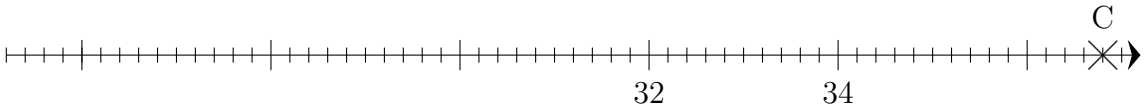

1. Donner l'abscisse du point A, c'est-à-dire le nombre repéré par A.

2. Donner l'abscisse du point B, c'est-à-dire le nombre repéré par B.

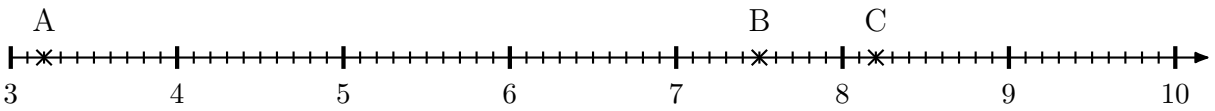

3. Donner l'abscisse du point C, c'est-à-dire le nombre repéré par C.

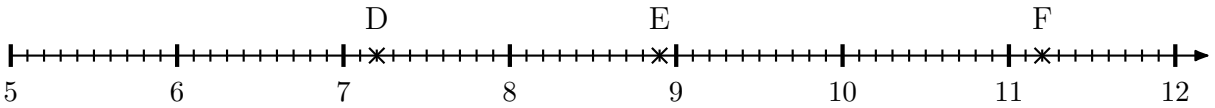

Exercice 1

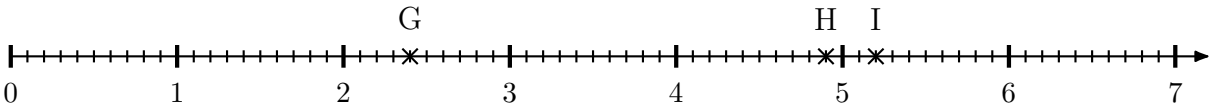

1.

2.

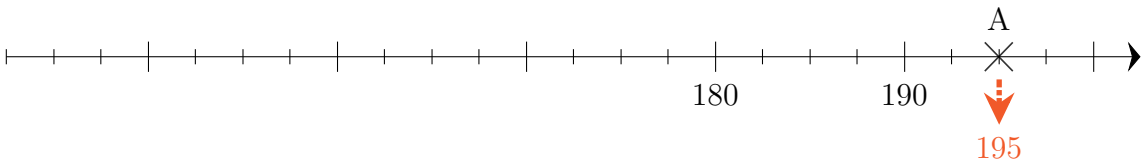

3.

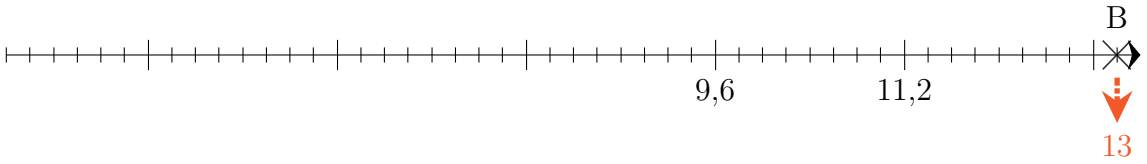

Exercice 2

1. L'abscisse du point A est : **195**.
Notation : A(**195**).

2. L'abscisse du point B est : **13**.
Notation : B(**13**).

3. L'abscisse du point C est : **36,8**.
Notation : C(**36,8**).
